International Skill Championship

Where skills meet recognition, and schools rise to glory!

The **International Skill Championship**, by **Ulipsu**, is a prestigious skills-based recognition platform designed to foster healthy competition, celebrate excellence, and spotlight schools that champion future-ready education.

Conducted across **Regional, national and International levels**, this championship transforms schools' commitment to skills-based learning into visible, celebrated achievements. Through a structured progression model, schools are recognised not just for participation but for measurable, data-backed outcomes.

Whole-school recognition

Data-driven performance metrics reflect the collective progress of your institution.

Prestigious league promotions & awards

Structured advancement through leagues brings institutional pride and recognition.

Recognition at every level

Celebrates excellence across students, teachers, principals, schools, and SIOs.

'Future-Ready' reputation

Positions your school as a leader in skills-based, future-focused education.

1000+

Recognised among 1000+ schools

Opportunity to be part of a larger event alongside top schools in India and beyond.
